PRELIMINARY STATEMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

The file wrapper continuation application filed herewith is  
being filed in order to have the references disclosed in the  
accompanying Form-1449 considered by the Examiner.

In a recent telephone conversation with the Examiner,  
Applicant was informed that, although these references were  
disclosed in a Form-1449 in the parent application, the Examiner  
did not receive copies of the references. Although Applicant  
believes that copies of these references were submitted with the  
parent application, Applicant is filing this file wrapper  
continuation application in order to expedite prosecution of this  
application.

The claims of the application are not being amended since it  
is Applicant's position that they are allowable as presented.

The Examiner is invited to contact the undersigned attorney should the Examiner determine that such action would facilitate prosecution and allowance of the present application.

Respectfully submitted,

Kevin P. Moran
